

Thank You

The National Oceanographic Partnership Program is indebted to the individuals who have graciously given their time and provided their expertise to the NOPP proposal review process for FY 1997- FY2000. The Partnership Program extends a warm thank you to those listed below.

Proposal Reviewers • FY 1997 - FY 2000

- Mark Abbott, Oregon State University
- Steve Ackleson, Office of Naval Research
- David Adamec, NASA Goddard Space Flight Center
- David Ainley, H.T. Harvey & Associates
- Vera Alexander, University of Alaska
- Donald Anderson, Woods Hole Oceanographic Institution
- Steve Anderson, Woods Hole Oceanographic Institution
- Sabine Apitz, Space and Naval Warfare Systems Center
- Ginger Armbrust, University of Washington
- Robert Armstrong, Princeton University
- Pamela Arnofsky, ENSR Consulting
- Roswell Austin, San Diego State University
- Tom Austin, Woods Hole Oceanographic Institution
- James Bales, Massachusetts Institute of Technology
- Karl Banse, University of Washington
- Harold Batchelder, University of California at Berkeley
- James Bauer, Virginia Institute of Marine Science (College of William and Mary)
- Reginald Beach, Office of Naval Research
- Robert Beardsley, Woods Hole Oceanographic Institution
- Keir Becker, University of Miami
- Michael Behrenfeld, Rutgers University
- David Behringer, NOAA National Center for Environmental Prediction
- Andrew Bennett, Oregon State University
- Robert Benson, Office of Naval Research
- William Berelson, University of Southern California
- Giacomo Bernardi, University of California, Santa Cruz
- Joan Bernhard, University of South Carolina
- Larry Bliven, Wallops Flight Facility, NASA
- Neil Blough, University of Maryland
- Joyce Blueford, Math/Science Nucleus
- Robert Bluth, Office of Naval Research
- Robert Bourke, Naval Postgraduate School
- Janice Boyd, Naval Research Laboratory Stennis Space Ctr.
- Peter Boyle, University of Aberdeen
- Alan Brandt, Johns Hopkins University Applied Physics Laboratory
- Kenneth Brink, Woods Hole Oceanographic Institution
- Christopher Brown, NOAA National Environmental Satellite, Data, and Information Service
- John Brubaker, Virginia Institute of Marine Science (College of William and Mary)
- Michael Buckingham, Scripps Institution of Oceanography
- Janet Campbell, University of New Hampshire
- Gregor Cailliet, Moss Landing Marine Laboratories
- Kendall Carder, University of South Florida
- David Carlson, National Center for Atmospheric Research
- Mark Carr, University of California, Santa Cruz
- Jerald W. Carruthers, Naval Research Laboratory Stennis Space Center
- Jim Carton, University of Maryland
- David Chapman, Woods Hole Oceanographic Institution
- Piers Chapman, Texas A&M University
- Eric Chassignet, University of Miami
- Francisco Chavez, Monterey Bay Aquarium Research Institute
- Robert Chen, University of Massachusetts at Boston
- Sally Chisholm, Massachusetts Institute of Technology
- Linda Chrissey, Office of Naval Research
- Nicholas Chotiros, University of Texas at Austin
- James Churnside, NOAA Environmental Technology Laboratory
- Catherine Clark, University of Miami
- Clarence Clay, University of Wisconsin at Madison
- Joan Cleveland, Office of Naval Research
- Kenneth Coale, Moss Landing Marine Laboratory
- Kerry Commander, Naval Coastal Systems Station Dahlgren Division
- Mike Connor, New England Aquarium
- Alessandra Conversi, ENEA La Spezia, Italy
- Susan Cook, Harbor Branch Oceanographic Institution
- Daniel Cooper, Los Alamos National Laboratory
- Bruce Corliss, Duke University
- Bruce Cornuelle, Scripps Institution of Oceanography
- Jack Costello, Providence College
- James Cowan, University of Southern Alabama
- Robert Cowen, University of Miami
- Charles Cox, Scripps Institution of Oceanography (University of California at San Diego)
- Eric Crecelius, Pacific Northwest National Laboratory, Sequim
- John Cullen, Dalhousie University
- Thomas Curtin, Office of Naval Research
- Ned Cyr, NOAA National Marine Fisheries Service
- Peter Dahl, University of Washington Applied Physics Laboratory
- Eric D'Asaro, University of Washington
- Curt Davis, Naval Research Laboratory Washington DC
- Russ Davis, Scripps Institution of Oceanography (University of California at San Diego)
- Harry DeFerrari, University of Miami
- Donald Demember, Kennedy High School
- David Detlor, NOAA Ocean and Atmospheric Research
- Tommy Dickey, University of California, Santa Barbara
- Ken Dial, Office of Naval Research

- Stephen Diggs, Scripps Institution of Oceanography
- Timothy F. Donato, Naval Research Laboratory Washington DC
- Harry Dooley, International Council for the Exploration of the Seas
- Fred Duennebier, University of Hawaii
- John Dugan, Arete, Inc.
- Edward Durbin, University of Rhode Island
- Suzanne Edmands, University of Southern California
- James Edson, Office of Naval Research
- Stephen Elgar, University of Washington
- Norman Estabrook, SAIC
- Terry Ewart, University of Washington Applied Physics Laboratory
- David Farmer, Institute for Ocean Sciences (British Columbia)
- John Farrington, Woods Hole Oceanographic Institution
- John Finn, University of Massachusetts at Amherst
- Eric Firing, University of Hawaii
- Charles Flagg, Brookhaven National Laboratory
- Roger Flood, State University of New York at Stony Brook
- Nicholas Fofonoff, Woods Hole Oceanographic Institution
- Ned C. Forrester, Woods Hole Oceanographic Institution
- Stephen Frasier, University of Massachusetts at Amherst
- Paul Freitag, NOAA Pacific Marine Environmental Lab.
- Marc Frischer, Skidaway Institute of Oceanography
- George Frisk, Woods Hole Oceanographic Institution
- Ichiro Fukumori, Jet Propulsion Laboratory
- Patrick Gallacher, Naval Research Laboratory Stennis Space Center
- Kenneth Gamache, Via Sat Inc.
- Ann Gargett, Institute for Ocean Sciences (British Columbia)
- Richard Gasparovic, Johns Hopkins University Applied Physics Laboratory
- Gary Gilbert, Space and Naval Warfare Systems Center
- Sarah Gille, University of California at Irvine
- Robert Gisinier, Office of Naval Research
- Louis Goodman, Office of Naval Research
- Ralph Goodman, Naval Research Laboratory Stennis Space Center
- John Gray, City University, Hong Kong
- Judith Gray, NOAA Atlantic Oceanographic and Meteorological Laboratory
- Charles Greene, Cornell University
- David Greenfield, University Hawaii
- Annalisa Griffa, University of Miami
- Thomas Gross, NOAA National Ocean Service
- George Halliwell, University of Miami
- David Halpern, Jet Propulsion Laboratory
- Sultan Hameed, SUNY Stony Brook
- Dennis Hansell, Bermuda Biological Station for Research
- John Harding, Naval Research Laboratory Stennis Space Center
- Jonathan Hare, NOAA National Marine Fisheries Service Beaufort
- Eric Hartwig, Naval Research Laboratory Washington DC
- Loren Haury, Scripps Institution of Oceanography (University of California at San Diego)
- Thomas Haywood, Scripps Institution of Oceanography
- David Hebert, University of Rhode Island
- Frank Henryey, University of Washington Applied Physics Laboratory
- Robert Hessler, Scripps Institution of Oceanography
- Eileen Hofmann, Old Dominion University
- D. Van Holliday, Marconi Aerospace, Inc.
- Robert Holman, Oregon State University
- Raleigh Hood, University of Maryland
- Russell Hopcroft, University of Massachusetts, Dartmouth
- Ed Houde, University of Maryland Solomons
- Robert Houghton, Lamont-Doherty Earth Observatory (Columbia University)
- Bruce Howe, University of Washington
- Robert Hudspeth, Oregon State University
- Debra Hughes, Office of Naval Research
- Deborah Hutchinson, US Geological Survey Woods Hole
- Randall Jacobson, Office of Naval Research
- Jules Jaffe, Scripps Institution of Oceanography (University of California at San Diego)
- Ola Johannessen, Nansen Environmental Research Center (Norway)
- Richard Jahnke, Skidaway Institute of Oceanography
- Kenneth Johnson, Moss Landing Marine Laboratory
- Walter Johnson, Minerals Management Service
- Samantha Joye, University of Georgia
- Peter Jumars, University of Maine
- Elizabeth King, College of Charleston
- Craig Kohler, NOAA National Data Buoy Center
- Nancy Knowlton, Scripps Institution of Oceanography
- Robert Knox, Scripps Institution of Oceanography (University of California at San Diego)
- Chester Koblinsky, NASA Goddard Space Flight Center
- Alan Kohn, University of Washington
- Zbigniew Kolber, Rutgers University
- Dale Krause, University of California at Santa Barbara
- Harald Krogstad, The Norwegian University of Science and Technology
- Ron Lai, Minerals Management Service
- Chris Langdon, Lamont-Doherty Earth Observatory (Columbia University)
- Lester LeBlanc, Florida Atlantic University
- Ants Leetma, NOAA National Weather Service Climate Analysis Center
- David Legler, U.S. CLIVAR Office
- Lisa Levin, Scripps Institution of Oceanography
- Michael Lewis, EPA Environmental Research Laboratory Gulf Breeze
- Anthony Liu, NASA Goddard Space Flight Center
- Patricia Livingston, NOAA National Marine Fisheries Service Woods Hole
- James Lynch, Woods Hole Oceanographic Institution
- Murray MacDonald, Office of Naval Research
- Tom Malone, University of Maryland
- George Marmorino, Naval Research Laboratory Washington DC
- John Marra, Lamont-Doherty Earth Observatory

- (Columbia University)
- Seelye Martin, University of Washington
 - Curt Mason, NOAA Coastal Ocean Program
 - Julie McClean, Naval Postgraduate School
 - Murray McDonald, Office of Naval Research
 - Herman Medwin, Ocean Acoustics, Inc.
 - Jerry Miehl, National Center for Atmospheric Research
 - Audrey Meyer, Sea Education Assoc.
 - Richard Miller, Stennis Space Center
 - Robert Miller, Oregon State University
 - Sarah Mitchell, Gray's Reef National Marine Sanctuary
 - Curtis Mobley, Sequoia Scientific, Inc.
 - John Moisan, Long Island University at Southampton
 - James Moum, Oregon State University
 - Christopher Mooers, University of Miami
 - Paul Mooersdorf, Fleet Numerical Oceanography Command

 - Mark Patterson, Virginia Institute of Marine Science (College of William and Mary)
 - V.B. Pearse, University of California, Santa Cruz
 - Scott Pegau, Oregon State University
 - Germana Peggion, University of Southern Mississippi Stennis Space Center
 - Mary Jane Perry, University of Maine
 - Laura Petonito, Office of Naval Research
 - David Phinney, Bigelow Laboratory
 - Dieter Piepenburg, University of Kiel Institute for Polar Ecology
 - Lawrence Pierson, Woods Hole Oceanographic Institution
 - Dale Pillsbury, Oregon State University
 - Cynthia Pilskaln, University of Maine
 - Albert Pluedemann, Woods Hole Oceanographic Inst.
 - Lawrence Poppe, US Geological Survey Woods Hole
 - Arthur N. Popper, University of Maryland
 - Dwayne Porter, University of South Carolina
 - Michael Purcell, Woods Hole Oceanographic Institution
 - Claire Reimers, Rutgers University
 - Michael Richardson, Naval Research Laboratory Stennis Space Center
 - David Rogers, Scripps Institution of Oceanography (University of California at San Diego)
 - Michael Roman, University of Maryland at Horn Point
 - Thomas Royer, Old Dominion University
 - Thomas Sanford, University of Washington
 - Peter Schalk, University of Amsterdam
 - Ronald Schlitz, NOAA National Marine Fisheries Service Woods Hole
 - Harvey Seim, Skidaway Institute of Oceanography
 - Christopher Sherwood, US Geological Survey Menlo Park
 - Michael Sieracki, Bigelow Laboratory
 - David Sigurdson, University of California at Santa Barbara
 - Peter Slattery, Moss Landing Marine Laboratories
 - Ned Smith, Harbor Branch Oceanographic Institution
 - Sharon Smith, University of Miami
 - Paul Snelgrove, Memorial University of Newfoundland
 - John Spiesberger, Pennsylvania State University
 - Heidi Sosik, Woods Hole Oceanographic Institution
 - Barbara Sotirin, Cold Regions Research Environmental Laboratory
 - John Steele, Woods Hole Oceanographic Institution
 - Roy Stine, University of North Carolina
 - Lynne Talley, Scripps Institution of Oceanography (University of California at San Diego)
 - Ed Theriot, Texas Memorial Museum
 - Eric Thorsos, University of Washington
 - Mark Trevorrow, Institute for Ocean Sciences (British Columbia)
 - Dennis Trizna, Office of Naval Research
 - Paris Vachon, Canadian Center for Remote Sensing
 - Richard Veit, CUNY Staten Island
 - Elizabeth Venrick, Scripps Institution of Oceanography
 - Linwood Vincent, Office of Naval Research
 - Douglas Wallace, Brookhaven National Laboratory
 - David Walt, Tufts University
 - Elizabeth Ward, Princeton University
 - Spahr Webb, Scripps Institution of Oceanography (University of California at San Diego)
