**Many Thanks to  
Oceanography Guest Editors**

**Past, Present, and Future**

It is difficult to believe that I have never written a Quarterdeck column thanking all of the guest editors who have worked with me to publish special issues of *Oceanography*. Simply put, we could not do it without them. Guest editors develop the table of contents of special issues and invite authors to contribute manuscripts. They conduct the peer review and ride herd on their authors to get their manuscripts in and revised and final files to *Oceanography*. Guest editors often endure relentless pestering from *Oceanography's* editor—me—because deadlines must be met and the magazine published on time. There is a fairly narrow margin of error. The few subtle places where their names appear in the magazine or on the *Oceanography* website don't come close to honoring the efforts, often heroic, of the guest editors. Here I list all of the marvelous guest editors with whom I have worked over the last eight years as *Oceanography* editor. I send all of them a big hearty THANK YOU!!!

ELLEN S. KAPPEL, EDITOR
