

## QUESTIONS FOR RUTGERS MARINE SCIENCE CAREER PANEL

### **Instructions:**

Please email Janine Barr at [jmb883@hsrl.rutgers.edu](mailto:jmb883@hsrl.rutgers.edu) by noon Wednesday, June 10<sup>th</sup> with your responses to the questions below. We hope this does not take more than 20–30 minutes of your time.

If you choose to write your responses, feel free to type your responses below each numbered question.

If you choose to film your responses, feel free to record yourself on your iPhone or web camera and email me the .mp4 file. You may answer the questions in any order you choose. Please try to keep your video to about 3 minutes. If you go over 3 minutes, no worries—just let me know if you have any trouble emailing the file and we'll find a solution.

### **Questions:**

1. What is your name and current job title? How long have you been in this position?  
•
2. What is your background in marine science (*e.g.*, degrees, volunteer work)?  
•
3. What led you to your current job and how did your background influence your career decisions? Please describe how you transitioned from your time as a student in undergrad/grad school to be where you are today. Feel free to highlight any jobs or research experiences that had significant impacts on your career.  
•
4. What is the mission of the group/organization you work for?  
•
5. What do you do in your current job? Please briefly describe your responsibilities and how you apply marine science to your work (*e.g.*, what projects are you currently working on?).  
•
6. What do you like most about your current job?  
•
7. What is one unforeseen challenge in your current job, and how has your background helped you overcome that challenge?  
•
