The Oceanography Society (TOS) was founded in 1988 to encourage collaboration and innovation among ocean scientists worldwide and across subdisciplines. The Society continues to support this community through publishing Oceanography magazine, convening scientific conferences, and recognizing major achievements in ocean sciences through the TOS Honors Program. TOS is fully committed to nurturing the next generation of ocean scientists through mentoring, providing leadership opportunities, and disseminating student-curated newsletters that highlight student members, provide links to resources, and announce opportunities.

The membership period is January 1 through December 31 of each year. Upon joining, new members will receive access to all back issues of Oceanography published during this membership period.

**Membership Options**

**Regular Membership** [$70]. Available to oceanographers, scientists, or engineers active in ocean-related fields, or to persons who have advanced oceanography by management or other public service.

**Student Membership** [Free]. Available for students enrolled in an oceanography or ocean-related program at the baccalaureate or higher level.

**Early Career Membership** [$30]. Available to non-student oceanographers, scientists, or engineers active in ocean-related fields, or to persons who have advanced oceanography by management or other public service who have received their highest degree within the past three years.

**Sponsoring Membership** [$125]. Available to individuals who wish to provide enhanced support annually. In the United States, $50 of the annual dues in this category is tax-deductible as a charitable contribution as are any additional contributions, over and above the annual regular membership dues.
