

TOS NEWS | February 11, 2013

Final preparations are underway for the 2014 Ocean Sciences Meeting, and we wanted to remind those members attending the event about various TOS activities as well as the availability of online tools to help you organize your schedule. A special note for students and early career participants: please visit the OSM [student](#) and [early career](#) web pages to view all of the activities planned for the week -- many new events have been created for this conference to enhance your experience.

OSM 2014 Mobile App and Web-Based Planner Just Launched

The complimentary 2014 OSM mobile app and web-based planner are now available. Attendees may use these tools to create and update their personal schedule which will sync across various platforms. Have your OSM registration login information handy and visit [this page](#) on the OSM 2014 website to access these tools.

Eposters Now Available

To increase visibility of the more than 3,000 posters being presented at the conference, the OSM planning committee has implemented a tool for poster presenters to post their work electronically, if desired. Click [here](#) for instructions on submitting poster. If you would like to view the posters already submitted, please visit [this site](#).

2014 OSM TOS ACTIVITIES

TOS Exhibit Booth - Exhibit/Poster Hall, Booth #1003 Monday, February 24th - Thursday February 27th Monday/Wednesday, 10am - 7 pm;

Tuesday/Thursday: noon - 7 pm

Please stop by the TOS booth to relax on the couch and chat with other current and prospective TOS members. **We have small gifts for TOS members**, so please stop by to pick one up!

TOS Breakfast - RSVP by this Friday, February 14th

Many members have RSVP'd for the complimentary "TOS Breakfast" scheduled for **Tuesday, February 25th from 7:00 - 8:00 am in Ballroom A** (4th level) of the Hawaii Convention Center. If you have not responded yet but you plan to attend, please visit the [registration page](#) by this Friday so we can plan to order the appropriate amount of food. We would like to thank [Sea-Bird Scientific](#) for their generous support for this event!

Munk Award Lecture - Wednesday, February 26th presented by Dr. Steven Holbrook AGU, ASLO and TOS Awards Session: 10:30 am - 12:30 pm Hawaii Convention Center, Theater

Dr. Steven Holbrook is the most recent recipient of the Walter Munk Award for distinguished research in oceanography related to sound and the sea. The Munk Award presentation will start at 11:50 am.

TOS Business Meeting - Thursday February 27th

All TOS members are invited to attend the TOS Business Meeting on **Thursday, February 27th from 12:45 - 1:15 in Room 304B** of the Hawaii Convention Center.

As always, if you have any questions about the conference or TOS in general, please contact Jenny Ramarui at (jenny@tos.org).
